

## *Bibliografia*

Di Paolo Valore, *On Willard Van Orman Quine. The most recent studies (2002-2004)*

In 2001, on this magazine I published a bibliography of the studies on Quine from 1990 to 2001 ("On Willard Van Orman Quine. Twelve Years of Studies (1990-2001)", in: *Magazzino di Filosofia*, 2 (2001), no. 6 vol. C2: Strumenti, pp. 163-185). The aim was to continue the bibliographic guide written by Rita Bruschi ("Willard Van Orman Quine. A Bibliographic Guide", La Nuova Italia, Firenze 1985). The following pages are a supplement to that bibliography till 2004. Works that developed NF ("New Foundations"), such as NFU ("New Foundations with Urelements") are not listed here, as they are not focused on Quine himself.
